Welcome to New Road, Hethersett (NR9). This detached bungalow has been transformed from top to bottom, with clear care and investment poured into every detail. Now presenting as a genuinely move-in-ready home, it offers refined finishes and a layout designed for easy, modern living – ready for its next owners to simply unpack and enjoy.

The heart of the home is the fabulous open-plan living space, created through extension and a thoughtful redesign to suit everyday life. Whether you're hosting family, keeping an eye on little ones, or simply enjoying a calmer, more connected layout, this space really works – bright, welcoming, and private.

Quality runs throughout with a stylish, practical finish. Flowing beautifully from the bedrooms set to the front and the living space to the back, the garden can be enjoyed in full. A flowing combination of engineered oak flooring, Travertine and Porcelanosa tiling, accompanied by solid wood internal doors with original high-set handles - the charm continues. Further upgrades include underfloor heating to the bathroom and kitchen, a recently installed Worcester Bosch boiler, a water softener, and even a new loft ladder – with plenty more to appreciate in person.

Outside, the same attention continues. New porcelain paving creates a smart, low-maintenance setting for outdoor seating, while the timber construction garden room and shed add flexibility – ideal for hobbies, a home office (with light and power already installed), or simply extra storage. There's also a side patio that's a real suntrap, letting you follow the sun throughout the day. To cover all essentials, there are two external double power sockets and an outside tap.

Hethersett remains one of South Norfolk's most sought-after villages, with amenities, eateries, a farm shop, convenient bus routes into Norwich and Wymondham, and Park Farm Hotel all within easy reach – perfect for anyone wanting village life with excellent day-to-day convenience. Book your viewing today to discover how this home would work for you.
